SCENE i *most likely beginning of ACT II*

Exercise #1

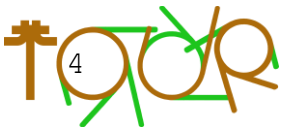

Exercise #5

Writing in the book: "The long experiment concludes with you."

Dark Shadow: "You are the outlier."

[Center of the Universe]

*(SINGULARITY stands in the space, guarding
ANDROMEDA, MILKY WAY, TRIANGULUM, JD,
WHIRLPOOL, and MICE.)*

SINGULARITY

THE UNIVERSAL MAP HINGES ON YOU.
AND YOU.
AND YOU.
AND YOU.
AND YOU.
AND YOU.
I'LL NOT LOSE YOU.
AT THE CENTER OF YOU ALL
IS AN OPEN DOOR.
THAT'S CALLED A BLACK HOLE.
AND YOURS...

(Focusing on JD.)

YOURS IS SUPERMASSIVE.

*(JD takes a BB taser. They shoot SINGULARITY
in the face. They run away.) *have no idea
where BB taser will be picked up from ~
possible personification between Hubble's
Law and Law Enforcement* *BB taser is
inspired by the abbreviation of the Big Bang
Theory**

*(SINGULARITY holds their face. They blindly
push away the galactic siblings.)*

*ANDROMEDA, MILKY WAY, TRIANGULUM, WHIRLPOOL,
and MICE disappear.)*

YOUR HEART!
MY HEART IS INFINITE.
HOWEVER, HINGES ON THE BLACK HOLE.
A NOW CLOSED DOOR.

*(Slipping on an eye patch. They return to
they looked during the first act.)*

1-3. A AND B

[An extensive fabric suspends high above the stage.]

(ANDROMEDA, MILKY WAY, and TRIANGULUM tread on the fabric.)

(MILKY WAY tumbles.)

(ANDROMEDA goes to MILKY WAY.)

TRIANGULUM

NO. NO. NO. THIS IS AGAINST OUR LAW!

*Footnote: Hubble's Law is that from the beginning of the universe, galaxies have to drift away from the "center." Also, galaxies have to drift away from one another until they are no longer seen. ANDROMEDA and MILKY WAY will break that law in a few billion years.

(ANDROMEDA links arms with MILKY WAY. They fall through the fabric.)
